YOUR UNUSED ORIGINAL CARTRIDGES

**WE VALUE
YOUR GENIUNE
CARTRIDGES NEVER
USED AND WE OFFER
YOU THE BEST PRICE.**

They are original toner and ink jet cartridges that for various reasons were never used.

All users change at some point their printing or fax equipment and find themselves with some new cartridges that they cannot use any more.

Send us your references.
We will be pleased to upgrade them.
And in addition we support transport.

We buy those new cartridges in overstock and sell them through another distribution channel, thus preventing them from being thrown in public dumps.
